

Express Yard is ready for the AAR Car Repair Billing changes taking effect October, 2004.

**Are you ready?**

# Car Repair Billing... Made Simple.

Mobile entry and validation  
of car repair and cleaning data.

Express Yard is an online and wireless handheld based software system for managing the daily operations of a railcar repair and maintenance facility. Using Express Yard, you can transmit data wirelessly directly from the field, decrease billing turnaround time, boost team coordination, reduce overhead and eliminate costly errors.
