PAN AM RAILWAYS CHOOSES EXPRESS YARD™ CAR REPAIR BILLING SOLUTION

Flint, MI., April 17, 2006 – SSG Innovations LLC announced today that its Express Yard railcar repair billing system has been chosen by the Springfield Terminal Railroad, part of the Pan Am Railways, and has been successfully implemented across all of their car repair facilities to manage both private and foreign repairs for their entire operation.

“We are very excited to begin our relationship with the Pan Am Railways,” said Justin Gillam of Express Yard. “We feel Express Yard is a very good fit for their operation and that our handheld application will provide further benefit for their mobile crews in the future.”

Express Yard (www.expressyard.com) is an online and wireless handheld based software system for managing the daily operations of a railcar repair and maintenance facility. Express Yard provides repair shops, short lines and regional railroads with tools that enable the efficient management of all tasks related to car repair billing and is the flagship service offering of SSG Innovations LLC, a software and hardware solution provider to the railroad industry.

Pan Am Railways (www.guilfordrail.com), formerly the Guilford Rail System, is comprised of the Springfield Terminal Railway, the Boston and Maine Railroad, the Maine Central Railroad and the Portland Terminal Company. Pan Am Railways is the largest regional railroad covering northern New England and the Maritimes from Saint John, NB to Albany, New York.
