## **Three More Companies Select ExpressYard's AAR Billing and Repair Operations Management System**

Flint, MI. – August 08, 2007 – ExpressYard announced today that the Indiana Harbor Belt Railroad, Texana Tank Car Manufacturing and BRC Rail Car Services have selected and are implementing the ExpressYard software for managing the daily operations of their railcar repair and maintenance facilities.

"We are extremely pleased with the increasing pace at which the industry is adopting newer and better technology," said Justin Gillam of ExpressYard. "We are very excited to be working with these companies in a combined effort to increase efficiency."

### **About ExpressYard**

ExpressYard is a Railcar Repair Operations Management System designed to maximize your company's profitability by providing all your needs in one system to alleviate the day-to-day challenges of railcar repair operations. Express Yard serves contract repair shops, regional and shortline railroads
