ExpressYard Bolsters Up Development Team and Still Looking To Hire More

Flint, MI. – November 11, 2008 – ExpressYard announced today the hire of two employees to their development team; Jonathan Hughes as Senior Developer and Francisco Garcia as Junior Developer.

Prior to joining SSG Innovations LLC, Hughes worked as a Systems Analyst for Alliance Inspection Management and Garcia recently graduated from Michigan State University with a degree in Computer Science and Engineering.

“I’m very excited about the team we’re building. The experience and skill they bring to the table along with the added horsepower will enable us to continue delivering a superior experience to our customers.”, said Mark Knapp Partner of SSG Innovations LLC. “Additionally, we’re still looking for two more developers to add to our team.”

About ExpressYard

The ExpressYard repair billing and operations management system (<http://www.expressyard.com>) is currently used at over 150 repair facilities across North America which includes contract shops, regional and shortline railroads. ExpressYard is a flagship service offering of SSG Innovations LLC, a software and hardware solution provider to the rail industry.
