

For Immediate Release

## **Twelve More Companies Select ExpressYard's AAR Billing and Repair Operations Management System**

Flint, MI. – May 22, 2009 – ExpressYard announced today that, despite poor economic conditions, over the last several months they've had a surge of new business. American Electric Power, Northern Plains Railroad, Wheeling & Lake Erie Railway, Southern Autorack LLC, Central Car Repair, Farmrail System, Inc., Finger Lakes Railway, Southeast Locomotive and Railcar, LLC, Drumm Inc., Brownsville & Rio Grande International Railroad, Rocky Mountain Railcar Repair and KW Railcar Services have all selected and are implementing the ExpressYard software for managing the daily operations of their railcar repair and maintenance facilities.

"We are extremely pleased with the increasing pace at which the industry is adopting newer and better technology," said Justin Gillam of ExpressYard. "In a declining economy railcar repair facilities are looking for more cost efficient ways to run their operations and ExpressYard fits that need."

### **About ExpressYard**

The ExpressYard repair billing and operations management system (<http://www.expressyard.com>) is currently used at over 150 repair facilities across North America which includes contract shops, regional and shortline railroads. ExpressYard is a flagship service offering of SSG Innovations LLC, a software and hardware solution provider to the rail industry.
